

Discipline

ESS will follow the basic guidelines of the discipline procedures of the school. Our students' specific rules are posted in the room for parents and student to view. Rewards are given for following rules to encourage and acknowledge good behavior. We try to deal with any problems in ESS, but parents will be notified of any serious problems.

Snacks

Nutritious snack will be provided. Sugar will be limited to special occasions. If your child has a special day and would care to provide the snack, please inform the director and make arrangements ahead of time. Please inform the director and note on the medical information form any allergies to certain foods.

Toys, Games, Etc.

ESS will have plenty of activities for the children to do. It may cause problems if the children bring their own toys. Keeping toys separate and kept from being broken can be difficult. If a child should choose to do this we will not be responsible for broken or missing toys, games, etc. However, if you care to donate any games, paper, toys, games, etc, we would be happy to accept. Electronic devices and games are not allowed in school or ESS.

Lost and Found

Any items left will be placed in the school lost and found so, please check there for missing items.

Dress

We would suggest that children bring comfortable play clothes to change into after school and a hanger for their uniforms. This is optional.

Telephone Numbers
